(Names)

Leavenworth, Washington.

May 12, 1917.

District Forester,
Portland, Oregon.

Dear Sir:

Copy of your letter of May 9 to Supervisor MacDaniels
is received.

I have no knowledge of why the reported action of the
U. S. Geographic Board in changing the name of North Star
Mountain to Goode Peak was taken.

It will be remembered that last year I recommended
the name of Goode for a peak in this Forest at the head of
Gold Creek, which recommendation was not adopted, but it would
appear that the Board held the name in mind and now use it in
an unwarranted place. North Star Mountain has been known by
that name for many years. I have known of this mountain for
at least fifteen years, and feel as you do about having the
name changed now.

Very truly yours,

(Signed) A. H. Sylvester,

Forest Supervisor.
